## **SIEMENS**

Data sheet 3RV2332-4BC10

Circuit breaker size S2 for starter combination Rated current 20 A N-release 260 A screw terminal increased switching capacity

| product brand name  | SIRIUS                   |  |
|---|--------------------------|--|
| product designation   | Circuit breaker          |  |
| design of the product   | For starter combinations |  |
| product type designation  | 3RV2                     |  |
| General technical data  |                          |  |
| size of the circuit-breaker                                     | S2                       |  |
| size of contactor can be combined company-specific              | S2                       |  |
| product extension auxiliary switch                              | Yes                      |  |
| power loss [W] for rated value of the current                   |                          |  |
| <ul> <li>at AC in hot operating state</li> </ul>                | 14.5 W                   |  |
| <ul> <li>at AC in hot operating state per pole</li> </ul>       | 4.8 W                    |  |
| insulation voltage with degree of pollution 3 at AC rated value | 690 V                    |  |
| surge voltage resistance rated value                            | 6 kV                     |  |
| shock resistance according to IEC 60068-2-27                    | 25g / 11 ms Sinus        |  |
| mechanical service life (operating cycles)                      |                          |  |
| <ul> <li>of the main contacts typical</li> </ul>                | 50 000                   |  |
| of auxiliary contacts typical                                   | 50 000                   |  |
| electrical endurance (operating cycles) typical                 | 50 000                   |  |
| reference code according to IEC 81346-2                         | Q                        |  |
| Substance Prohibitance (Date)                                   | 10/15/2014               |  |
| SVHC substance name   | Blei - 7439-92-1         |  |

## Further information

Siemens has decided to exit the Russian market (see here).

https://press.siemens.com/global/en/pressrelease/siemens-wind-down-russian-business

Siemens is working on the renewal of the current EAC certificates.

Please contact your local Siemens office on the status of validity of the EAC certification if you intend to import or offer to supply these products to an EAC relevant market (other than the sanctioned EAEU member states Russia or Belarus).
