

## SSC Series

### Basic-Type Soft Starter

Feature Sets	SSCe	SSCi
<b>Starting Functions</b>		
Timed Voltage Ramp	•	
Constant Current		•
Current Ram		•
<b>Stopping</b>		
Coast to Stop	•	•
Soft Stop	•	•
<b>Protection</b>		
Motor Overload		•
Phase Loss		•
Excess Start Time		•
Phase Sequence		•
Current Imbalance		•
Motor Thermmistor		•
Power Circuit Fault	•	•
Supply Frequency	•	•
Instantaneous Overcurrent		•
Bypass Overload		•
Communications Failure	•	•
<b>Interface</b>		
Fixed Relay Output (Main Contractor Relay)	•	•
Programmable Relay (Trip or Run)		•
Run Relay Output	•	•
<b>Accessories (Optional)</b>		
Remote Operator	•	•
Modbus	•	•
Profibus	•	•
DeviceNet	•	•
PC Software	•	•
Ethernet/IP	•	•
Modbus TCP	•	•
Profinet	•	•

### Optional Accessories

#### Remote HMI

##### Includes

- Status indication
- Start/Stop/Reset
- Programming
- Graphical display
- Hot keys

#### Finger Guards

##### Models

- 0184B-0580B
- 0835B-1250B

#### Fieldbus

##### Protocols

- Profibus
- ProfiNet
- Modbus TCP
- Modbus RTU
- DeviceNet
- Ethernet IP

#### Smart Cards

##### Options

- Pump card
